

# *FAST FORWARD*

## The Newsletter of *KLA* Film and Video Communication

**Issue No. 44**  
**Winter 2012/13**

### Music in the Courtyard and More Awards

Mary Anne Stevens talks about the French Impressionists at the RAA.

Simon Riddle Sales Director for Wartsila Corporation delivers his acceptance speech.

In August Stuart recorded an interview with Mary Anne Stevens, Director of Academic Affairs at the Royal Academy of Arts for regular client the London Philharmonic Orchestra to promote the *Music in the Courtyard* concert jointly presented by the two organisations in the RAA courtyard on 1 September 2012.

And in late September and early December Stuart and Peter (September) and Oliver (December) recorded two more Awards Banquets held by Frost & Sullivan at the Jumeirah Carlton Tower Hotel, Knightsbridge.

### Recently Completed Work

Stuart has recently assisted Mike Page at Open Space Films as main cameraman on two shoots in Kent for a promotional video featuring a company that protects vacant properties. On the second shoot Oliver doubled as boom operator and stills photographer using *KLA*'s new Canon 5D MkIII camera.

Meanwhile *KLA* has completed work on transferring to DVD from DigiBeta tape a historical documentary – The Town or Hamlet of Highgate - for the Hornsey Historical Society. *KLA* will now hold the master (as it does for another HHS production) and provide DVDs on demand to the Society.

### Training

Our sister operation Swanrose Video Training and Consultancy continues to provide filming and editing training.

## Future Productions/Work

**KLA** is booked for further work with documentary maker *Mama Safari* and we continue to undertake the usual range of facilities work for a range of clients old and new including a mooted promotional video for long-time client the College of Elemental Chi Kung.

**KLA** also expects to be working with regular client - the Queen's Royal Hussars Historical Society - on another of their projects in the New Year.

## New Purchases

**KLA** has acquired the new JVC new generation 4k camcorder - the GY-HMQ10 - which is now a regular performer (albeit in regular HD mode). Additionally **KLA** has also just acquired a Canon 5D MkIII camera/camcorder for stills and movie work. This camera has already been deployed in the December F&S Awards Banquet (see lead article) filming guests prior to the main awards ceremony.

## Hot News

Mike Page of Open Space Films has been accorded **KLA** Associate status.

Mike has been working with Stuart and Oliver for over a year now either on **KLA** or Open Space productions and **KLA** is delighted that he has agreed to become an Associate.

## More Hot News

Stuart is currently working up a treatment for a documentary about Juan Martin the renowned flamenco guitarist. This has been a project that Stuart has wanted to undertake for a long time but hopefully work can finally start with Juan and his management team in the New Year.
